

# True®

PROFESSIONAL SERIES, INC.

“I was genuinely impressed. You can tell that a serious collector was behind this product. It's not simply a pretty brand extension or an accessory to other appliances, but a whole new design. I won't bore you with the features, but from the first tug on the shelf slide, I knew this unit was well built.”

Marc Lazar – Cellar Advisors  
on TWC-24 in his tasting room
